DEFECTS OF PUBLIC SCHOOLS

Chicago, Jan. 23.—The important problem of industrial education was taken up for discussion at a conference this important meeting had been auspices of the National Society of Industrial Education. Delegates to this important meeting had been appointed from a majority of the states; and prominent statesmen, labor and religious leaders, scholars and business men were present at the opening. The conference is to remain in session three days.

The conference marks the formal opening of a widespread campaign to arouse public interest in the subject of industrial training, and to work for legislative action in support of industrial schools, where such action seems desirable. Through this campaign, the national society hopes to bring about a broad discussion of the whole matter, and to influence the establishment of local and State schools that will materially assist in the thorough training of skilled workmen for the industries. The society hopes, through the medium of agencies already established in the various States, to bring out the defects of the public school system, under which hundreds of thousands of children annually leave school for undesirable employment before they have reached an age where they can enter a trade. In the opinion of the promoters of the present movement, these conditions are such as to constitute a serious menace to American industrial supremacy, which it is imperative to remove.

A TEXAN IN TROUBLE

Washington, Jan. 23.—The case of Edward Thayer, of Texas, a member of the Republican State Central Committee of that State, is on the docket of the United States Supreme Court for hearing tomorrow. Thayer was charged with a violation of the Civil Service law, in writing letters to Federal officials, urging contributions to the campaign fund of 1906.

ROYAL ARCH MASONS IN CANADA.

Toronto, Ont., Jan. 23.—High degree Masons from Ontario to the Klondike assembled in this city today to take part in the forty-ninth annual convocation of the Grand Chapter of Royal Arch Masons of Canada. The election of officers is the principal business before the meeting. John Leslie, of Winnipeg, is slated for the office of Grand First Principal, while Geo. Moore of Hamilton, will probably be chosen Grand Second Principal. George J. Bennett will probably be re-elected Grand Scribe.

GRAIN AND SEED GROWERS.

Denver, Col., Jan. 23.—The Colorado Grain and Seed Growers' Association began its second annual convention today, with a large attendance of members, which was increased by many visitors here for the Stock Show and convention. J. W. Jones, of Chicago, general manager of the National Grain Growers' Association, and others of prominence are to address the meeting.

DRY FARMING CONGRESS

Salt Lake City, Jan. 23.—With delegates present from eleven States west of the Mississippi river, representing the great territory included in the semi-arid region of the country, and the State and Territorial governments, the second annual meeting of the Trans-Missouri Congress began its business sessions here today. The sessions will continue through the week, and during that time important action is expected to be taken looking toward the reclamation of the vast unsettled territory of the West that needs but a fully developed system of dry farming to make it blossom and bear fruit.

Prominent Speakers Present.

Not since the beginning of the dry-farming movement has so much interest been taken in the subject, and during the three days' session, every phase of the problem will be discussed. Among the speakers will be governors and other public men of prominence, government experts on forestry and kindred subjects, and representatives of many commercial organizations, and colonization movements. Delegates continue to pour into the city, every train arriving this morning bringing in scores interested in the work of the congress.

May Attack Policy.

Papers bearing on the various phases of dry-farming and the tremendous field for its development in the read by a number of experts from the United States Department of Agriculture, and by practical dry-farmers from many states. It is expected also that the administration policy with regard to forestry and public lands will be attacked and an attempt made to have adopted resolutions criticising these policies.

Food Plants.

Besides the discussion of methods of conserving the deposited moisture, the congress will deal with the selection of food plants best adapted to the region of partial aridity. The Department of Agriculture has covered the earth with its experts in a search for plants of that character, and it has found something for almost every condition within the wide range of the United States. The results of these researches will form a portion of the information given out by the congress.

Y. M. C. A. BENEFIT.

A splendid musical entertainment was given at Carnegie Hall last night by the Chicago Instrumental Trio, assisted by Miss Mary Powelson, reader, under the auspices of the Allen Academy Y. M. C. A. The trio is composed of Miss Elizabeth Pickens, cellist; Mr. Calvin De Voll, violinist, and Miss Ethel Ritchie, pianist, all accomplished musicians. Miss Powelson has rare gifts as a reader and impersonator. The funds realized by the Y. M. C. A. will be devoted to the organ fund of the organization.

MODAY SPECIAL SALES.

Walker Five and Ten Cent Store will inaugurate a series of popular Monday special sales. Their show windows will contain an attractive display to which your attention is invited. First of these sales Monday, Jan. 27. Watch for it.

WISCONSIN Y. M. C. A.

Appleton, Wis., Jan. 23.—Representatives of branches of the Y. M. C. A. Association in Wisconsin met here today for the thirty-third annual State Convention, and the sessions which were begun today will be continued during the next three days, closing Sunday night with a farewell service at which addresses will be given by noted workers from several states.

The program arranged for the gathering is filled with interesting features. The routine business of the convention, including officers reports, and the discussion of various phases of associational work, will be liberally interspersed with features of entertainment provided by the local churches, and the faculty and students of Lawrence University. The attendance at the convention is large and representative, giving evidence of the flourishing condition of the Association throughout Wisconsin.

The open season for the payment of poll tax will expire next Friday. There will be no three days grace.

The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, JANUARY 24, 1908.

THE COMMERCIAL VALUE OF A SMILE.

Says the Bryan Eagle: "One of the important discoveries of the generation is the commercial value of the smile." The Eagle is right. Politeness is becoming more and more used all the time, not because people are really at heart more polite—not at all, but simply because folks have made the discovery that it pays to be polite, and pays well. In fact, there is nothing, the size of the investment considered, that yields so large a dividend as does politeness.

The merchants have discovered that the clerk who sells the most, is the most polite one; the corporations have discovered that politeness on the part of employers is one of the very best assets that the corporation can boast of, hence we find the sentiment displayed almost everywhere, in effect, if not in exact words, "No trouble to answer questions," the traveling salesman has found out that when he uses his best manners and his most inviting smile, that his order-book fills up more rapidly, and so it goes throughout the entire list.

Politeness is a distinct commercial asset, and the individual, the firm, the corporation, that fails to make due note of the fact is not long for the business world, and prosperity and final success go to the one who has learned the truth.

Hence, the smile, the cordiality, the graciousness, the affableness one meets with in the world of affairs in this year of grace; all of these are always above par, and it is better for all concerned that such is the case.—Terrell Transcript.

The above is worthy of a careful reading and of a serious thought. The "Commercial Value of a Smile" is beyond computation in all the walks of life, yet it comes to those who want it, free of cost. Tolerance of the opinions of others, is another valuable asset which should be preached from the pulpit, in the newspapers, from the forum, and from every place or assembly where men meet to exchange views about matters of interest to church or state. This is election year, and many good and true men are pleading for sound judgment in adjusting the great issues that must be decided by the people in their sovereign capacity. But while

this is true, it is also true that there are influential men in Texas who seem to be governed by the gospel of hate more than by their love for their state or country. Such as they are heard from every day, but we hope the "commercial value of a smile," will be uppermost in the minds of the great majority of our people, and that a spirit of toleration for the opinions of others will be universal.—Ft. Worth Star.

The drainage movement in the coast country is great from an economic, but still greater from a philanthropic standpoint. Its leaders are heroes, infinitely more worthy of renown than those of war, because they are destroying the worst enemies of mankind and preparing the way for happy homes where millions will dwell amid peace and prosperity.

William Jennings Bryan and Judson Harmon spoke on the same platform in Nashville Wednesday night. It is not improbable they will both do some impressive swearing in the national capitol on the fourth day of March, 1909.

A pretty little vender of violets called at the editor's home yesterday. A charming picture she made with her poses, but the child was the sweetest flower in the group.

The alienists are now at the bat in the Thaw trial. The question to be settled is whether it was "paranoia," "egomania" or "stuporous melancholia."

EASTERN STAR WORK.

Initiation work was conducted by Bryan Chapter No. 222. Order of the Eastern Star, yesterday afternoon, Mr. and Mrs. Jas. J. Ray and Mrs. M. R. Phillips being candidates. The degrees were conferred, with the assistance of the Chapter officers, by Col. J. L. Miller, Past Grand Patron of the Grand Chapter.

Later Col. Miller conferred on all present, the Master Masons' Wives and Daughters' degree, the candidates being Mr. and Mrs. T. A. Searcy, Mr. and Mrs. Jno. B. Mike, Mrs. W. F. Gibbs, Mrs. M. R. Phillips, Mr. and Mrs. Ray, H. N. Bissell of Navasota, Allen Smith and Mrs. J. C. Davis of Navasota, Joe B. Reed.

GUARD RESIDENCE.

Presents So Far Received Valued at One Million Dollars.

New York, Jan. 23.—Private detectives have been engaged to guard the Vanderbilt residence on Fifth avenue, where on Monday the wedding of Miss Gladys Vanderbilt and Count Lazzaro Szechenyi will take place. The wedding presents which have already been received are valued at approximately \$1,000,000. Two uniformed detectives will be on guard outside the house day and night, and a plain clothes officer will be constantly on guard in or near the room where the gifts are exhibited. It is stated that less than 200 guests will attend the ceremony, which will take place in the grand ballroom at 11 o'clock in the morning. A wedding breakfast will be served at noon. A party, including Count and Countess Denes Szechenyi, Count Stefan Czechenyi and Count Paul Esterhazy, who are to attend the wedding left here in Alfred G. Vanderbilt's car to visit Niagara Falls.

COTTON STATISTICS.

Total Amount of Fleecy Staple Ginned Up to Jan. 16.

Washington, Jan. 23.—The census bureau has issued a report showing the total amount of cotton in the United States ginned from growth of 1907 to Jan. 16, was 10,337,607 bales as compared with 12,175,199 bales for the same period last year and 9,989,634 bales for the same period in 1906. Total number of active ginneries was 27,370. In this bulletin round bales are counted as half bales. Number of round bales included 187,563 for 1908, 258,717 for 1907, and 270,669 for 1906. Sea Island included 80,187 for 1908, 56,236 for 1907 and 104,710 for 1906. Distribution of Sea Island cotton for 1908 by states is: Florida, 27,521; Georgia, 40,436; South Carolina, 12,330. There were ginned 9,951,507 bales up to Jan. 1, 1908. Percentage of crop ginned up to Jan. 16 was 93.8 for 1907 and 95.2 for 1906.

DROPS LONG DISTANCE.

Hot Iron Falls From Forty-Second Story, Crushing Man's Skull.

New York, Jan. 23.—Dropping from the forty-second story of the new Singer building on lower Broadway a red hot five-pound soldering iron landed on the head of a mason helper, who was at work on the twenty-seventh floor of the adjoining City Investing building, burning and fracturing his skull. The victim, John Boyle, was taken to a hospital in a dying condition.

Another missile, this time from a mysterious source, in the shape of a good sized steel bolt, crashed down through the skylight of the Federal building, narrowly missing Assistant Postmaster Murphy as he was walking under the glass. Whence it came is still a mystery.

SHOT TO DEATH.

Concert Hall Dancer and Singer Murdered in a Room.

Chicago, Jan. 23.—Miss Catherine Cartright, concert hall dancer and singer, was found shot to death in a room at 92 Wells street Thursday. The police are searching for James McGee in connection with the murder. McGee had been attentive to the woman for some time. Only recently, it is said, he fired several shots at another man, whom he believed a rival for her affections. For this offense he was arrested, but was out on bond, and the case was on court call for Thursday.

Earthquake Shock in Italy.

Reggio di Calabria, Jan. 23.—Strong earthquake shock shook this province Thursday. No loss of life has been reported. The shock was severe at the villages of Binaco, Brancaloni, Bruzzano and Poruzzano. The terrified people rushed from the houses to open fields or took refuge in nearby subterranean grottos.

Chattel Mortgage Filed.

Waxahachie, Tex., Jan. 23.—The Thompson Jewelry company has filed a chattel mortgage for the benefit of creditors. Liabilities are about \$20,000. W. L. P. Leigh is named as trustee. The firm has been engaged in business several years.

One Hundred Cars Withdrawn.

Philadelphia, Jan. 23.—Because of the falling off in street car travel, due to business depression, the Philadelphia Rapid Transit company has withdrawn 100 cars from service, and will within the next few days take off twenty-five to forty more.

Kills Man and Suicides.

El Paso, Jan. 23.—Elmer Wheeler, a well known ranchman, shot and killed Amos Burnham, a prominent stockman near Endee, N. M. Wheeler then killed himself. The two men quarreled over a woman.

Williams Formally Elected.

Jackson, Miss., Jan. 23.—In joint session the legislature Wednesday elected Hon. John Sharp Williams United States senator. Mr. Williams addressed the members and a large audience.

Private Rate Reduced.

Paris, Jan. 23.—The private rate of discount was reduced Wednesday from 3 3/8 per cent to 3 1/4 per cent. The discount rate of the Bank of France was not reduced.

Leaves Service of Hearst.

Chicago, Jan. 23.—C. P. J. Mooney, for the last five years one of W. R. Hearst's managing editors, has resigned. Mr. Mooney will probably return south.

Biggest In State.

Okeene, Okla., Jan. 23.—The gypsum mill being erected will be the largest in Oklahoma.

IN THE TEXTILE SCHOOL.

The Textile Engineering Senior class has recently completed the erection of a silver lap-machine, and a comb, two very fine machines, which will add greatly to the facilities for instruction in the manufacture of fine yarns. These machines, weighing 16,000 pounds, and consisting of hundreds of parts, were received completely "knocked down," and were entirely erected by the class, under the direction of Prof. Wier, and this work has proven of excellent, practical, educational value.

The newest creation of the Senior class in the department of weaving and designing, is a beautiful and elaborate fabric in ladies' dress goods, showing a pink figure of the swastika, alternating with a fancy-spot effect, on a mercerized white ground of fancy twill and basket weaves.

The individual members of the class are now hard at work on the execution of new designs of original patterns, and interesting developments are expected.

The Textile Engineering Juniors are now engaged in running a test to determine the comparative spinning values of linters for the manufacture of coarse yarns and cordage. Texas alone, produces about 140,000 bales of linters annually, ("linters" are the short fibres removed from the seed by the oil mills), and, except for a small amount consumed by the mattress and comfort factories, this raw material is shipped to the New England States, and to Europe, the latter taking a very large majority. It is the opinion of Prof. Wier that the local conditions within the State offer excellent advantages for the manufacture of coarse yarns, fabrics, rope and cordage, from linters, and it is with a view to determine the possibilities in this line of work that the test on linters is being run.

Several cases of 'grippe have occasioned the absence, at times, of some of the textile students, but the work of the department is progressing very nicely and the close of the winter will doubtless show good results.

The Battalion.

Closed by Examiners.

Pittsburg, Jan. 22.—The Traders and Mechanics' bank, a state institution, was closed by state bank examiners. The Treasury Trust company, a subsidiary, occupying the same building, also closed, but voluntarily, it is said.

Liabilities and Assets.

Chicago, Jan. 22.—Liabilities in Tisdell bank failure are given at \$73,900 and assets at \$95,600.

We still have some small sizes in those Hanan & Walk-Over Specials, just the thing for your boy—if he wears a 4, 4½, 5½, or a 6.

PARKS & WALDROP.

Rev. J. B. Turrentine returned last night from the Missionary Institute at Jewett. Bishop Seth Ward, who also attended the meeting, passed through the city yesterday afternoon, en route to his home at Houston.

Judge J. W. Doremus has returned from Houston, where he represented defendants who secured a favorable verdict in the Bonnevillie suit.

He also visited his daughter, Mrs. Ed. Hoffman, at Brenham, while absent. Friends will be glad to learn that his daughter is improving after a serious illness. Mrs. Doremus is still with her.

AT "THE STORE AHEAD."

Big Event of Wilson & Derden in Full Blast—Had Great Day—Special Hour Sales.

Wilson & Derden's Great Cash Conversion sale began yesterday and "The Store Ahead" was crowded all day long with eager buyers. The feature of this merchandising event is that two sales are included in one the first embracing all winter goods, and the second a great January White Sale. To this is added the further attraction of "Special Hour Sales."

Notwithstanding a large additional force of salesmen was secured they were overrun throughout the day, and the success achieved exceeded all expectations of the proprietors. The store was in "white and green," including the front decorations and the interior. Large white cards proclaimed in green ink figures the remarkable reductions in prices. The White Sale feature lent a pleasing variety to the great display.

The Special Hour Sales elicited the most hearty and substantial appreciation of the ladies, and continued rushes were experienced on this account. They came for what they wanted at the appointed hour and found it without delay. Liberal buying evidenced the confidence of the public in the quality of the goods offered. The big pricelist ad gotten out by the firm showed its drawing power in all departments, the values offered being unlimited in number.

The sales continue ten days and will afford everybody a chance to share in its benefits offered by the "Store Ahead."

MRS. J. B. WELSH DEAD.

Venerable Christian Lady Called to Her Reward After Long and Useful Life

Mrs. J. B. Welsh died yesterday evening at the home of her son, Mr. R. B. Welsh, in this city. She was in her 83rd year, the anniversary of her birth coming in March. She came with her husband to Texas in 1874, and settled in Brazos county. More recently she and her husband, being advanced in years, have made their home with Mr. and Mrs. Welsh in this city.

Mrs. Welsh was a member of the Methodist church and a devout christian lady, known and beloved by many of the people of Brazos county because of the good deeds of her long and useful life. She was the mother of eight children, five of whom are still living, and is survived by her aged husband. The funeral will be held this afternoon; interment at Bethel cemetery.

TRIP TO ABILENE.

Seniors Return From Horticultural Meeting in West Texas.

Most of last week was spent very profitably in Abilene by the members of the Senior Horticultural class, attending the mid-winter meeting of the Texas State Horticultural Society and the Texas Nut Growers' Association. The class arrived in Abilene on Tuesday evening. On Wednesday, Jan. 15, the two societies assembled in the opera house, where addresses of welcome were delivered by E. N. Kirby, mayor of Abilene, W. M. Lacy, President Abilene 25,000 Club, and W. F. D. Batjer, President Abilene Nursery Company. The President of the State Horticultural Society, Mr. E. W. Kirkpatrick, responded. The meeting then adjourned to inspect exhibits of nuts and fruit. Prizes were awarded on fresh and citrus fruits shown by the A. and M. College.

Talks on subjects of interest to horticulturists were made at the meetings on Wednesday afternoon and night and Thursday morning and evening. On Thursday evening the various exhibits were judged and prizes were awarded.

The visitors from A. and M. were royally entertained Wednesday night at a banquet given by the Abilene 25,000 Club. On Thursday night, Judge K. K. Leggett, President of the Board of Directors, took them to his home, where they spent a very pleasant evening.

Those who made the trip are Prof. E. J. Kyle, and Messrs. S. Lomanitz, E. A. Miller, L. N. Huff, and T. E. Holway.

The Battalion.

BOUGHT MOORE PLACE.

Mrs. T. C. Bittle on yesterday purchased from Mr. Jno. A. Moore, his pretty cottage in the south end of town, which was built by J. O. Kernole, now of Anderson. The consideration was \$2,750.00. Mrs. Bittle, and Mr. Guy Bittle and family, with whom she makes her home, will occupy the property.

Startling reductions on our entire stock of Women's fine and medium shoes commencing today, Jan. 23d. Ladies, this is your first opportunity to purchase the highest grade shoes in Bryan at a sacrifice.

WILSON & DERDEN.

"The Store Ahead."

COPELAND STOCK CO.

Only Two More Days, With Three Performances, Remain for the Patrons of The Grand, This Week.

The Copeland Stock Co., which has been delighting patrons of the Grand Opera House this week with bright, clean comedy bills and good specialties, will appear in only three more performances during the present engagement.

Tonight, they will present "Dixie Land," an excellent Southern drama, in which the Copeland brothers will appear in their famous blackface vaudeville act.

For the matinee performance, Saturday afternoon at 2:30 o'clock, the company will present "Elmdale Farm," a pleasing rural comedy.

Prices for the matinee will be 10c for all school children; 25c for adults.

The Saturday night offering will be, "The Unwritten Law."

The Opluri Fiend, the strongest play yet presented, was the attraction last night.

ROYAL ARCH AND COUNCIL DEGREES.

The Royal Arch Masons completed last night the work which has been going on since Monday. Those who received the degrees are, Ed. S. Derden, W. S. Wilson, Jr., Dr. J. F. Eaves, Dr. O. M. Ball and Prof. Weber of College. Prof. Campbell of College joined the quintette to receive the council degrees last night.

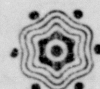

At the last moment, and in order to make our sale the grandest cash conversion sale ever had in Bryan, we have decided to reduce the price on all our fine shoes; and to get our greatly reduced prices on such famous lines as Utz & Dunn's, W. L. Douglas, Maloney Brothers and the famous Bunker Hill, etc., are opportunities you have never had before. Come early and get your size.

WILSON & DERDEN.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's a painful period with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

PASSENGER EARNINGS.

Figures of the First Five Months Are Given Out.

IMPROVEMENT IS DECIDED

Net Increase For Period From July 1 to Nov. 30, 1907, is \$1,282,560 as Compared With Corresponding Time of Previous Year.

Austin, Jan. 23.—The railroad commission gave out a statement showing passenger earnings for Texas railroads for the first five months of the present fiscal year, ending Nov. 30, 1907, were \$11,610,594, against \$10,328,034 for the same roads of corresponding period of preceding fiscal year. This shows a net increase in passenger business of Texas lines for the five months named of \$1,282,560. These figures were obtained from sworn reports of railroads.

The Postal Cable Telegraph company paid \$408 taxes on gross receipts of \$14,868 for quarter ending Dec. 31, on Texas business.

Attorney General Davidson has accepted invitation to be present at the celebration of the completion of the Sabine-Neches channel, which will take place Monday at Port Arthur. He will go to Beaumont Saturday, where he will join several friends and accompany them to Port Arthur.

BAGGAGE CAR BURNS.

Party of Shriners Loses Clothing and Curios.

Waco, Jan. 23.—A party of 100 Shriners from St. Louis, Chicago and Kansas City, returning from the City of Mexico, where they had been to institute a new organization, had their baggage car, containing the entire baggage of the party and all curios gathered in Mexico burned seven miles south of here on the Katy railway. Just before 9 o'clock Thursday morning. The negro porter was making coffee in the car upon the gasoline stove, which exploded, and the blaze soon threatened the entire train. The party lost all their clothing and effects. There are many ladies along. The loss is heavy. Nobody was injured.

NUMEROUS COMPLAINTS.

Forty Saloon Men Are to Be Served With Warrants at Once.

Dallas, Jan. 23.—As a result of the opinion of the court of criminal appeals in the Williams case, in which the saloon limits of Dallas are upheld, Chief of Police Brandeburg is filing 183 complaints against those saloon men who operated their places of business after the saloon limit ordinance became effective. Over forty different saloon men are named as defendants. Mr. Brandeburg says there are nearly 200 cases pending against the various saloon men who had places of business outside of the prescribed limits. A note of each day that the saloons were kept open was made by officers under the direction of the chief, and according to the latter each case will be prosecuted to the last ditch.

BROTHERS SHOT AT.

With Aid of Neighbors Evermans Routed Their Assailants.

Owingsville, Ky., Jan. 23.—Thomas and Munford Everman, brothers, who were attempting to deliver tobacco to a Mount Sterling dealer after having received a warning not to do so, were met on the road and as they were escorting five wagonloads of the staple by a body of armed men, who began firing. The Evermans and neighbors, who accompanied them, returned the fire. After an exchange of about 100 shots they routed their assailants. Nobody was killed, but a pool of blood was found in the road, apparently indicating one or more of the attacking party had been wounded.

CUTS HIS OWN THROAT.

Hero Who Had Saved Many Lives Terminates His Own.

New Haven, Conn., Jan. 23.—Nils Nielson, the light tender at the light-house on Haven Breakwater, committed suicide by cutting his throat. He tried to kill himself twice before, but was prevented by his assistant. He had a reputation as a hero of having saved a number of lives by daring rescues during storms in Long Island sound. Two years ago he received a medal from congress for heroism. It is thought the lonely life of the light-house keeper unbalanced his mind.

EYEBALL TORN OUT.

Lamar County Merchant Dies From Injuries Caused by Dynamite.

Paris, Tex., Jan. 23.—G. D. Terrell, a merchant of Roxton, died in a hospital here from the result of a dynamite explosion in a stove at his place of business. A box, thought to be empty, was placed in the stove. The cap exploded and the stove burst. Fragments struck Mr. Terrell in the face, tearing an eyeball out.

Weather Station at Houston.

Washington, Jan. 23.—In the house Representative Moore has introduced a bill appropriating \$16,000 to equip a weather station at Houston for making forecasts and receiving reports. A station at Houston would make it unnecessary to tap the Galveston wires for early reports.

Half Cent Less.

Paris, Jan. 23.—Bank of France has reduced discount rate from 3½ to 3 per cent.

ATTENDED ON TRAIN.

Doctor Says Thaw Called Out, "Shasta! Shasta!"

New York, Jan. 23.—Dr. Charles L. Bailey of Albany, who arrived at New York Wednesday night from the island of Jamaica, was called as the first witness in the Thaw case when court convened Thursday. Dr. Bailey was called to attend Thaw on the New York Central railway train between Hudson and Albany, in April, 1906. "When I was called in to see him," said the witness, "Thaw was chattering like 'Shasta! Shasta!'" It's Shasta, where the Pennsylvania railway runs into New York Central. He kept on repeating this for some time. His eyes bulged, and he appeared to be of unsound mind. I gave him a morphine powder, with the assistance of the porter. When Thaw saw the syringe, he said: "Take away the dye-stuff, I was very close to him and could not detect the odor of alcohol."

On cross examination Dr. Bailey said Thaw did not respond to his interrogations, but rambled on incoherently. His pulse was about 90.

The non arrival of the steamer Adriatic upset the plans of the defense somewhat and prevented the calling of several witnesses who were expected from abroad.

Dr. Charles G. Wagner of Binghamton, N. Y., the alienist, who began his testimony Wednesday, succeeded Dr. Bailey on the stand.

Dr. Wagner repeated at great length what Thaw said to him. The prisoner told of efforts to have Stanford White punished by applying to Anthony Comstock and District Attorney Jerome. Thaw said he had not intended attacking White; that Providence took the matter in hand and ended it in his own way. Thaw also said he had been followed by a gang of thugs whom White had employed to engage him in a street quarrel and kick him to death. Justice Dowling will limit each side to three alienists.

COMPRESS CONTROL.

Important Determination Reached by Interstate Commerce Commission.

Washington, Jan. 23.—An important determination has been reached by the Interstate commerce commission. It relates to the control of cotton compresses and the number of such compresses, communities and railway carriers which are likely to be affected by a general order of the commission respecting the compressing of cotton in transit, etc. The matter was brought to the attention of the commission on a motion for a rehearing of the case of the Muskogee Commercial club and the Muskogee Traffic bureau against the Missouri, Kansas and Texas Railway company. It was sought by the complainant to overcome, through an order to be made by the commission, certain advantages alleged to have accrued to compressors of cotton along the lines of the defendant railway company by reason of regulations adopted by the railroads favorable to certain compresses. The facts in the case would not warrant the commission in issuing a broad ruling, and the motion for rehearing was therefore denied. It is proposed, however, by the commission to institute a general inquiry into the subject of cotton compression in which the relation among railroads, compressors, buyers and shippers will be investigated, looking also to the interest of the grower, in which it is hoped an order may be made dealing with the entire question.

BRYAN AND HARMON.

Both Made Addresses at the Capital City of Tennessee.

Nashville, Jan. 23.—Hon. W. J. Bryan rounded out a very busy day in Nashville with an address before a monster audience at the Ryman auditorium Wednesday night. He was accompanied by Hon. Judson Harmon, who also spoke briefly at night.

Mr. Bryan in his speech at night took occasion to say that the idea that prosperity was an inevitable result of Republican ascendancy and administration had been rudely exploded in the last few months, and contrasted the ridicule heaped upon his advocacy of the silver dollar with the prayerful anxiety with which capitalists had so recently grabbed for clearing house certificates. He scored imperialism, the cost of it and the wrong. His history of legislation against trusts and the projects that have been undertaken met with hearty applause. He did not blame President Roosevelt for the panic, but scored the laws and their ex-rulers who would compel the people "to stand and shiver every time a Wall street gambler got cold." The main idea of his speech was that the Democrats everywhere are united, while the Republicans are divided. So that the railroad regulators, the tariff reformers, the advocates of arbitration between capital and labor and the "trust busters" are, he said, in an overwhelming majority.

He praised the new constitution of Oklahoma, particularly the features safeguarding the bank deposits. He predicted that this feature is going to be imitated by Kansas, Illinois and other states as soon as action may be had. He said this was the only redeeming feature of the Fowler currency bill in congress.

Aged Couple Suicides.

Chicago, Jan. 23.—Tired of life's battle, John Gorlan, aged sixty-eight, and his wife, Mary, aged seventy-seven, killed themselves by taking carbolic acid. The old couple, it is said, had been living on the kindness of neighbors.

Denied Bail.

Lawton, Okla., Jan. 23.—In the preliminary trial of the Thomas brothers, charged with killing Dr. F. D. Beauchamp here Jan. 15, the justice of the peace denied bond to the defendants, and their attorneys applied to Judge George Clark of Oklahoma City, judge of that district, for bail.

Try This For Catarrh.

Free tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like imported Petrolatum. This Creation—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination.

If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.
